

## Industrial Controls for:

Pumping and Irrigation  
 Material Handling  
 Fan and Ventilation  
 Crushing  
 Retrofit/ Upgrades  
 Lift Stations  
 Remote SCADA

We are a value-added distributor and manufacturer of industrial controls and integrated solutions. We will come to your site to assess your needs, design a fully integrated system to your specifications, retrofit and install as needed, and offer complete start-up and commissioning. We are here 24/7/365 to support our products and service long after the install. From start to finish, we want you to be satisfied with the process and the product.

Pumping & Irrigation	Material Handling	Fan & Ventilation	Crushing
<b>Typical Applications</b> Centrifugal pumps Submersible pumps Vertical turbine pumps Pump systems starting from limited power sources like generators: Irrigation Booster pumps Lift stations Tank fill Water treatment  <b>Special Functions</b> Remotely monitor your system from any location at any time. Operation Status Alarm notification Data logging with export function	<b>Typical Applications</b> Conveyors Slope belts Food and beverage packaging Process, container and Overhead cranes  <b>Special Functions</b> Reduced inrush currents and mechanical shock Load sharing, positioning and synchronization capabilities Common DC bus and dynamic braking capabilities Fully regenerative front end available Harmonic and EMI / RFIO mitigation options available	<b>Typical Applications</b> Mineshaft ventilation Tunneling ventilation HVAC systems Smoke ventilation Fire control ventilation  <b>Special Functions</b> Reduced inrush currents and mechanical shock Compatible with all building automation systems: BACnet Metasys N2 Siemens APOGEE™ FLN Modbus Ethernet / IP Stand alone, 2 contactor, 3 contactor, dual motor, etc. Package options available. Harmonic mitigation to fully comply with IEEE 519 levels EMI / RFI control	<b>Typical Applications</b> Aggregates Quarry Coal mining Asphalt and concrete recycling  <b>Special Functions</b> Reduced inrush currents and mechanical shock Allows generator or soft line supplies Load sensing to reduce shear pin

## VFD Drive Controls

Low Voltage	Medium Voltage
240V for .5 - 175 HP 480V for 1 - 1000 HP 600V for 1 - 250 HP Single phase input with three phase output available on all voltages. Please consult Saminco for details. All enclosure options available, NEMA 1, 12, 3R, 4X as well as custom configured packaged control.	3.3kV for 175 - 4,000 HP 4.16kV for 300 - 10,000 HP 6.6kV for 330 - 16,000 HP 11+kV for 700 - 13,200 HP

## Soft Starter Controls

**Voltages Available**  
 208V - 600V, 8A - 1100A, with built in by-pass  
 230V - 600V, 72A - 1100A, heavy duty rated with provisions for external by-pass  
 1000V, 105A - 460A, heavy duty rated with provisions for external by-pass  
 2.3kV - 15kV, up to 50MW  
 All enclosure options available, NEMA 1, 12, 3R, 4X as well as custom configured packaged control.

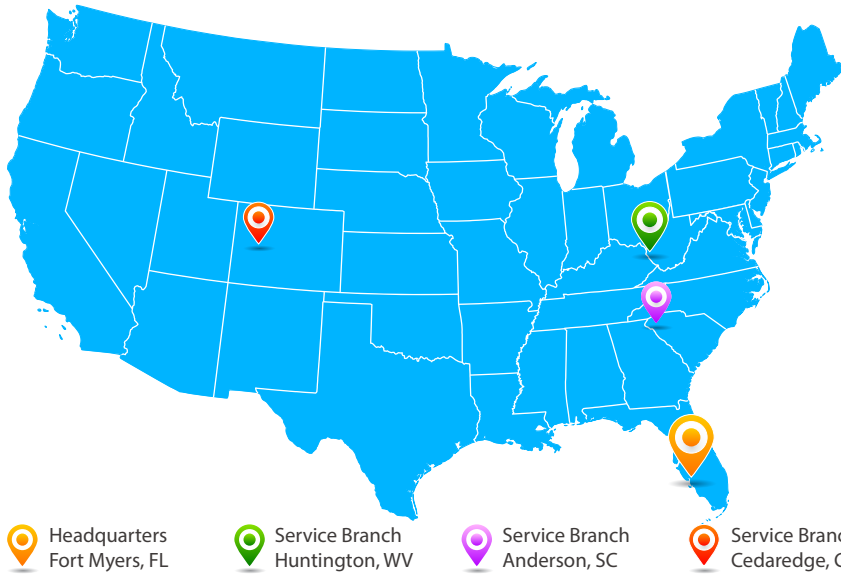

## Remote SCADA Systems for Industrial Controls

The SCADA server allows you to access your control system by using a PC, tablet or mobile device via mobile or direct internet connection. Used to connect to:

- VFDs
- Soft Starts
- Motor Protection Devices
- Measurement Devices
- ANY device with a Modbus RTU or Modbus TCP port
- ANY device with discrete I/O analog or digital outputs

## Where To Find Us

-  Headquarters  
Fort Myers, FL
-  Service Branch  
Huntington, WV
-  Service Branch  
Anderson, SC
-  Service Branch  
Cedaredge, CO

## Sales and Service:

Service Area	Product Support	Representative	Phone #	Email
North America	VP of Market Development	Kenny Boles	304-634-3380	kboles@samincoinc.com
North America	Mining & Industrial Controls	Rick Ligeikis	864-314-9046	rligeikis@samincoinc.com
E-KY, C/S-WV, W-VA, E-TN, AL	Sales and Service	Shawn Hampton	606-434-8066	shampton@samincoinc.com
E-KY, C/S-WV, W-VA, E-TN, AL	Technical Support	Ed McFall	304-638-7994	emcfall@samincoinc.com
PA, E-OH, N-WV	Technical Support	John Richardson	304-206-7366	jrichardson@samincoinc.com
IL, IN, W-KY	Technical Support	Wallace Electric	618-937-3440	www.wallaceelectricalsystems.com
Western US	Sales & Service	Lane Cerise	970-623-0000	lcerise@samincoinc.com

Our Fort Myers location includes the main facility for R&D, production and testing (the light gray building) as well as our testing yard in the background with the white structures and test hill .

Our Huntington, WV facility includes our panel shop, rebuild / repair workshop, and motor warehouse.
